## August 2008

### *Driveways*

Please do not use residents' driveways to turn around. If you find yourself going in the wrong direction pull into a guest parking slot. A resident's garage was recently damaged and no one knocked and confessed to hitting the home. Thank-you for your cooperation.

### *San Diego Gas & Electric*

Whenever more than one resident is without electricity SDG&E must be notified by each and every resident that does not have power. The number to call is 1-800-611-7343. All of the electric lines in the park are owned by SDG&E. The park does not receive updates when an outage occurs. To obtain information about time estimates, please call SDG&E or ask someone to go online to [www.sdge.com](http://www.sdge.com) and click on outages. Have a flashlight, extra batteries and a telephone that is NOT cordless on hand in case of power outages. Do not light candles.

### *Contractors*

We appreciate the improvements that many residents are making to their homes. Whenever you invest in your home, remember that all contractors are not equal. Take the time to get more than one bid. Get recommendations from friends and family. Do not feel obligated to sign a contract before you have had the time to read and consider the proposal. In the office is a binder with comments from residents concerning contractors they have used. Please stop into the office to review the binder.
