### *Guests*

Guests may only park in residents' driveways or carports if their vehicle is completely clear of the gutter and not extending into the street. Please ask guests to use the parking provided for their convenience. Street parking is prohibited except to load or unload the vehicles. Contractors should remove needed items and then move their vehicles to the guest parking areas.

### *Water Meters*

Please trim plants around water meters. Carport areas need to be kept neat to allow meter readers to easily access the meters. Items should not be stored in the meter cabinets or in front of the cabinets.

### *Hazardous Waste*

Waste Management will accept all manner of hazardous materials for disposal. If you are storing insecticides, paint, oil, gasoline or similar items in your garage you may want to contact Waste Management at 596-5100 to arrange an appointment to dispose of unwanted materials. ### *Dog Walk*

It is a good idea to walk with a friend when you go out to walk your dog in the Industrial Park. There are not many people in the vicinity if you should need help after the businesses close at 5 o'clock. Always be aware of your surroundings and avoid suspicious looking persons.

### *Quiet Time*

Each homeowner must maintain radios, record players, television sets and voices at moderate levels between the hours of 10:00 P.M. and 8:00 A.M. daily. The use of power tools and landscape equipment by homeowners or contractors is restricted to the hours of 8:00 A.M. to 7:00 P.M.. Thank-you for your cooperation.
